

MASTER INDEPENDENT CONTRACTOR AND BUSINESS DEVELOPMENT AGREEMENT

LIORA CORP.
A Delaware Corporation
Operating and Managing BIG BOY EXOTICS

and

N OFFICE SOLUTIONS
An Indian Proprietorship Firm
and
ANKUR SADAWARTE, Individually as Guarantor

DRAFT FOR REVIEW BY DELAWARE, NEW YORK, AND INDIAN COUNSEL

This document is a contractual draft and is not a substitute for advice from licensed counsel in each applicable jurisdiction.

Effective Date: _____

This Master Independent Contractor and Business Development Agreement, together with all exhibits, schedules, written commission confirmations, and authorized statements of work incorporated into it (collectively, this “Agreement”), is entered into as of _____, 20__ (the “Effective Date”), by and among:

LIORA CORP., a Delaware corporation, having a registered address at 131 Continental Drive, Suite 305, Newark, Delaware 19713, which operates and manages the luxury automotive brand known as BIG BOY EXOTICS (collectively, “Company”);

N OFFICE SOLUTIONS, an Indian proprietorship firm having a business address at Singapur Township, Indore, Madhya Pradesh, India, acting through its proprietor, Ankur Sadawarte (“Contractor”); and

ANKUR SADAWARTE, an individual residing in India, solely in his individual capacity as guarantor under Section 23 and the other provisions expressly applicable to him (“Guarantor”).

Company, Contractor, and Guarantor may each be referred to individually as a “Party” and collectively as the “Parties.”

RECITALS

- A. Company operates and manages BIG BOY EXOTICS, a luxury automotive business specializing in sourcing, marketing, facilitating, introducing, and closing transactions involving exotic vehicles, rare and collectible automobiles, luxury vehicles, ultra-high-value vehicles, off-market vehicles, and privately owned collector vehicles.
- B. Company’s existing and prospective clientele may include high-net-worth individuals, collectors, entrepreneurs, celebrities, professional athletes, executives, family offices, investors, and luxury-lifestyle clients.
- C. Contractor represents that it possesses experience, personnel, resources, relationships, and capabilities relevant to business development, buyer acquisition, lead generation, digital marketing, market positioning, and luxury automotive sales growth.
- D. Company desires to engage Contractor on a nonexclusive, independent-contractor, commission-only basis, and Contractor desires to accept such engagement, subject to the terms and conditions of this Agreement.
- E. As a material inducement to Company’s execution of this Agreement and disclosure of Company’s Confidential Information, Guarantor has agreed to personally guarantee Contractor’s performance of the Guaranteed Obligations, as defined below.

NOW, THEREFORE, in consideration of the mutual covenants contained herein, the disclosure of Confidential Information, the opportunity to earn commissions, and other good and valuable consideration, the receipt and sufficiency of which are acknowledged, the Parties agree as follows:

1. DEFINITIONS

1.1 “Applicable Law.” “Applicable Law” means every applicable statute, law, ordinance, regulation, rule, code, court order, governmental requirement, regulatory requirement, sanctions program, data-protection requirement, marketing or communications requirement, and industry-specific requirement of the United States, India, any applicable state or territory, and any other jurisdiction in which Services are performed or communications are directed.

1.2 “Approved Channel.” “Approved Channel” means a Company-controlled or Company-approved CRM, email account, cloud-storage location, project-management platform, messaging system, telephone number, advertising account, website account, or other system designated in writing by Company.

1.3 “Brand.” “Brand” means BIG BOY EXOTICS and all associated names, assumed names, trade names, trademarks, service marks, logos, slogans, visual identities, domains, social-media accounts, marketing materials, goodwill, and brand assets.

1.4 “Business Day.” “Business Day” means a day other than Saturday, Sunday, or a U.S. federal holiday observed in New York or Delaware.

1.5 “Closed Transaction.” “Closed Transaction” has the meaning set forth in Section 8.5.

1.6 “Commission Confirmation.” “Commission Confirmation” means a written document or electronically signed communication issued or approved by an authorized representative of Company confirming a Closed Transaction, the applicable Vehicle Sale Value, the corresponding commission tier, and the Approved Commission.

1.7 “Company Data.” “Company Data” means all information, records, files, documents, communications, credentials, analytics, reports, databases, contact information, personal information, marketing information, transaction information, and other data collected, created, accessed, received, processed, maintained, or transmitted in connection with Company, the Brand, any Company Client, or the Services.

1.8 “Company Client.” “Company Client” means any past, current, or prospective buyer, seller, consignor, collector, investor, dealer, broker, supplier, vehicle owner, family office, referral source, business partner, service provider, or other business relationship of Company or the Brand.

1.9 “Company Funds.” “Company Funds” means cleared funds that Company has actually received and is legally entitled to retain from or in connection with a Closed Transaction, including any earned sale proceeds, commission, brokerage compensation, facilitation fee, marketing fee, referral fee, or other transaction compensation payable to Company. Company Funds do not include funds merely held in escrow, funds subject to an unresolved refund or reversal obligation, or funds belonging to a vehicle owner, buyer, lender, dealer, or other third party.

1.10 “Confidential Information.” “Confidential Information” has the meaning set forth in Section 12 and includes Company Data and Protected Data.

1.11 “Contract Year.” “Contract Year” means each consecutive twelve-month period beginning on the Effective Date and each anniversary thereof.

1.12 “Data Breach.” “Data Breach” means any actual or reasonably suspected unauthorized access to, acquisition of, disclosure of, use of, alteration of, loss of, destruction of, exfiltration of, transfer of, or inability to account for Company Data, Confidential Information, login credentials, or systems used in connection with the Services.

1.13 “Data Delivery Failure.” “Data Delivery Failure” means Contractor’s or Guarantor’s failure to provide Company and Dhruva Sunil with a complete and usable copy of Company Data before deleting, destroying, disabling, materially altering, withholding, or surrendering control over that Company Data.

1.14 “Eligible Transaction.” “Eligible Transaction” means an approved transaction involving the purchase or sale of an exotic, rare, collectible, luxury, ultra-high-value, off-market, or privately owned vehicle within a commission tier identified in Exhibit B. Transactions below \$500,000 or equal to or greater than \$99,000,000 are not Eligible Transactions unless Company expressly approves a commission in a signed Commission Confirmation.

1.15 “Guaranteed Obligations.” “Guaranteed Obligations” means all obligations and liabilities of Contractor arising under or relating to confidentiality and nondisclosure; ownership, security, return, delivery, and deletion of Company Data; intellectual-property ownership and assignment; client ownership, non-solicitation, non-circumvention, and protection of Company relationships; fraud, intentional misconduct, unauthorized representations, and misuse of Company authority; indemnification; liquidated damages and other damages resulting from Contractor’s breach; reimbursement of legal fees, investigation costs, court costs, and enforcement expenses; compliance with termination and post-termination requirements; and any other obligation expressly guaranteed under this Agreement.

1.16 “Lead.” “Lead” means any identified prospective buyer, seller, collector, vehicle owner, consignor, dealer, investor, referral source, or business opportunity relating to Company’s business.

1.17 “Material Contribution.” “Material Contribution” means documented conduct that meaningfully advances a transaction, including substantive prospecting, qualification, relationship development, arranging an introduction, scheduling a qualified meeting, obtaining requested buyer information, facilitating communications, reactivating a dormant opportunity, or performing other approved work that directly contributes to a Closed Transaction. Mere awareness of a client, passive inclusion in a contact list, forwarding publicly available information, or sending an unsolicited message without further involvement does not constitute Material Contribution.

1.18 “Material Protected Data Breach.” “Material Protected Data Breach” means a material unauthorized disclosure, theft, misuse, sale, transfer, diversion, commercial exploitation, competitor disclosure, intentional destruction, or knowing concealment involving Protected Data or Confidential Information. A series of related acts arising from the same underlying event, substantially similar conduct, or common root cause will constitute one breach event unless the acts involve separate recipients, separate commercial exploitation, or independently caused harm.

1.19 “Protected Data.” “Protected Data” means names and contact information of Company Clients; buyer, seller, collector, and vehicle-owner information; financial capability, proof-of-funds, banking, payment, identity, or transaction information; vehicle ownership, location, availability, title, pricing, condition, provenance, or off-market information; Company login credentials, passwords, access tokens, and security information; CRM records, prospect lists, lead records, campaign records, and communications; information concerning celebrities, athletes, executives, family offices, or high-net-worth individuals; and any personal, commercially sensitive, or security-sensitive information processed in connection with the Services.

1.20 “Qualified Lead.” “Qualified Lead” has the meaning set forth in Section 8.4.

1.21 “Restricted Client.” “Restricted Client” means a Company Client or Lead that, during the Term, was generated, identified, introduced, contacted, qualified, developed, or serviced by Contractor; had Material Contact with Contractor; was the subject of Confidential Information provided to or accessed by Contractor; or was entered into a Company system, campaign, database, or CRM to which Contractor had access.

1.22 “Restricted Period.” “Restricted Period” means the Term and the five-year period immediately following termination or expiration of this Agreement; provided that, if five years is held unenforceable, the Restricted Period will be the longest period enforceable under Applicable Law and is intended to be no less than twenty-four months to the maximum extent legally permissible.

1.23 “Services.” “Services” means the services described in this Agreement, Exhibit A, and any subsequent written statement of work or written instruction approved by Company.

1.24 “Tier Transaction Count.” “Tier Transaction Count” means the cumulative number of Closed Transactions credited to Contractor within a particular Vehicle Sale Value tier during the Term. Each tier is counted separately. The count does not reset upon renewal unless Company and Contractor agree otherwise in a signed writing.

1.25 “Vehicle Sale Value.” “Vehicle Sale Value” means the final gross purchase price for the applicable vehicle as reflected in the definitive buyer agreement or other transaction documents approved by Company, excluding separately stated taxes, registration charges, shipping, financing charges, insurance, storage, and unrelated fees.

1.26 “Work Product.” “Work Product” means all deliverables, materials, content, campaigns, advertising copy, graphics, reports, analyses, websites, website modifications, SEO materials, articles, blogs, databases, lead lists, customer records, campaign structures, workflows, documentation, processes, templates, and other items specifically created or developed for Company in connection with the Services.

2. ENGAGEMENT AND PURPOSE

2.1 Engagement. Company hereby engages Contractor, and Contractor accepts such engagement, to perform the Services on a nonexclusive, independent-contractor, commission-only basis, subject to Company’s direction concerning desired outcomes, brand standards, data-security requirements, legal compliance, and authorized activities.

2.2 Purpose. The purpose of this Agreement is to establish a professional business-development relationship under which Contractor may assist Company and the Brand with business development; client and buyer acquisition; generation and qualification of Leads; luxury automotive sales growth; digital brand expansion; online visibility; marketing and market positioning; and other mutually approved initiatives.

2.3 Nonexclusive Relationship. Company may engage other contractors, employees, agencies, brokers, dealers, marketers, referral sources, or representatives to perform services that are similar to or competitive with the Services. Nothing in this Agreement grants Contractor an exclusive territory, account, client group, marketing channel, vehicle category, or business-development opportunity.

3. TERM

3.1 Initial Term. The initial term of this Agreement begins on the Effective Date and continues for one year unless earlier terminated in accordance with this Agreement.

3.2 Renewal. Following the initial term, this Agreement will automatically renew for successive one-year periods unless either Party provides written notice of nonrenewal or termination.

3.3 Termination Rights Unaffected. Automatic renewal does not limit either Party's right to terminate this Agreement under Section 24.

4. INDEPENDENT-CONTRACTOR RELATIONSHIP

4.1 Independent Contractor. Contractor is an independent contractor and not an employee, worker, partner, joint venturer, franchisee, fiduciary, agent, legal representative, or co-owner of Company.

4.2 No Employment Rights. Neither Contractor nor Guarantor is entitled to salary or hourly compensation; employee benefits; paid leave; retirement benefits; unemployment benefits; workers' compensation benefits; health insurance; equity or ownership in Company or the Brand; or any benefit provided to Company employees.

4.3 Control of Work. Subject to Company's policies, deadlines, security requirements, brand requirements, and approved scope, Contractor controls the manner, location, scheduling, and means by which Contractor performs the Services.

4.4 Contractor's Resources. Except for Company systems, materials, or access expressly provided by Company, Contractor will provide its own personnel, equipment, internet access, devices, software, office facilities, and other resources necessary to perform the Services.

4.5 No Authority to Bind Company. Contractor and Guarantor have no authority to bind Company or the Brand; execute an agreement in Company's name; accept a vehicle consignment; negotiate or promise final pricing; modify transaction terms; make warranties or guarantees; accept money, deposits, vehicle titles, keys, identity documents, or financial records on behalf of Company; incur expenses or liabilities in Company's name; represent that Contractor owns or controls Company or the Brand; appoint subagents, brokers, or representatives for Company; or make any legal, tax, financing, investment, regulatory, or vehicle-condition representation on Company's behalf.

4.6 No Apparent Authority. Contractor shall clearly identify itself as an independent business-development contractor when appropriate and shall not use titles such as "owner," "partner," "director," "officer," "dealer," "authorized agent," or similar titles suggesting authority that Contractor does not possess.

5. SCOPE AND PERFORMANCE OF SERVICES

5.1 Buyer Acquisition. Contractor may locate, identify, develop, and introduce prospective buyers for exotic vehicles; rare and collectible automobiles; luxury vehicles; ultra-high-value vehicles; off-market vehicles; and private collector vehicles.

5.2 Lead Generation and Business Development. Subject to prior Company approval of channels, messages, claims, and campaigns, Contractor may perform prospect research; outbound outreach; relationship development; lead qualification; appointment setting; buyer introductions; follow-up communications; market research; and development of referral relationships.

5.3 Digital Growth. Contractor may assist Company with social-media marketing; website improvement recommendations; approved website modifications; search-engine optimization; blog and article development; digital marketing campaigns; brand positioning; campaign analytics; online visibility improvement; and other approved digital-growth activities.

5.4 Company Access. Company may provide Contractor with access to Company systems, websites, marketing materials, Company Data, brand assets, and accounts solely to perform the Services. All access is limited, revocable, nontransferable, and subject to Company's continuing control. Company may modify, suspend, monitor, or revoke access at any time.

5.5 Performance Standards. Contractor shall perform the Services professionally, diligently, ethically, and lawfully; follow Company's written brand, security, communications, and operational requirements; use accurate, nonmisleading statements; avoid high-pressure, deceptive, fraudulent, or abusive tactics; promptly correct inaccurate communications; maintain complete and accurate records; protect Company's reputation and relationships; obtain Company approval before launching paid campaigns or publishing Company content; avoid representing vehicle availability, condition, provenance, ownership, price, or transaction terms unless Company has approved the representation; and promptly notify Company of complaints, legal threats, regulatory inquiries, fraud concerns, or suspicious activity.

5.6 No Guarantee of Results. Contractor does not guarantee a minimum number of Leads, appointments, buyers, or Closed Transactions. Contractor's compensation remains limited to commissions earned under this Agreement.

5.7 Subcontractors. Contractor shall not delegate, subcontract, offshore, share, or transfer any material portion of the Services or any access to Company Data without Company's prior written consent. If Company approves a subcontractor, Contractor must ensure that the subcontractor signs written obligations at least as protective as this Agreement. Contractor and Guarantor remain fully liable for the acts and omissions of all approved or unapproved personnel, subcontractors, representatives, and affiliates.

6. TRANSACTION AND COMMUNICATION RESTRICTIONS

6.1 Final Authority Reserved to Company. Company retains sole authority to approve or reject a Lead; determine whether a Lead is qualified; approve vehicle information for release; determine whether Company will pursue a transaction; determine pricing and transaction structure; select dealers, sellers, brokers, escrow providers, logistics providers, and other participants; approve definitive agreements; conduct or require identity, sanctions, source-of-funds, or other compliance review; approve or reject a transaction; and determine whether a Closed Transaction has occurred.

6.2 Prohibited Handling of Funds and Property. Contractor shall not receive, hold, route, redirect, or control customer funds, deposits, vehicle titles, vehicle keys, purchase funds, commissions payable to Company, escrow funds, or Company Funds. Contractor shall direct all payment and transaction questions to Company.

6.3 No Unauthorized Offers or Commitments. Contractor shall not promise that a vehicle is available; Company will accept a stated price; a seller will complete a transaction; financing is available; a buyer has been approved; a vehicle is authentic, legally titled, accident-free, or investment-grade; a transaction will close by a particular date; or Company will pay any commission not confirmed under this Agreement.

6.4 Regulated Activities. Contractor shall not perform any activity requiring a motor-vehicle dealer license, broker license, financial license, legal license, investment license, or other governmental authorization unless Contractor possesses the required authorization and Company has approved the activity in writing.

7. OWNERSHIP OF CLIENTS, LEADS, AND BUSINESS RELATIONSHIPS

7.1 Exclusive Company Ownership. As between the Parties, every Lead, prospect, buyer, seller, collector, customer, client, referral source, vehicle owner, dealer relationship, supplier relationship, contact record, CRM record, database entry, and business relationship generated, discovered, developed, contacted, accessed, or recorded in connection with the Services belongs exclusively to Company and the Brand.

7.2 No Contractor Ownership. Contractor acquires no ownership, equity, proprietary, possessory, licensing, or continuing commercial interest in Company Clients, Leads, customer relationships, Company databases, CRM records, contact information, vehicle opportunities, transaction information, or Company goodwill. Contractor's only economic right is the right to receive an Approved Commission in accordance with this Agreement.

7.3 Mandatory CRM Entry. Contractor shall enter all material Lead information, communications, activity, qualification information, meeting information, and follow-up records into the Company-designated CRM or other Approved Channel no later than one Business Day after receipt or creation. A Lead maintained only in Contractor's personal files, device, messaging account, or privately controlled system may be deemed unsubmitted and may be ineligible for commission until delivered to Company.

7.4 No Withholding of Leads. Contractor shall not withhold, conceal, delay, divert, privately exploit, or condition delivery of any Lead or Company Data.

7.5 Existing Clients and Existing Leads. A Company Client's prior relationship with Company or the Brand does not, by itself, disqualify Contractor from earning a commission. If Contractor makes a documented Material Contribution to a later or additional Eligible Transaction involving an existing Company Client, Contractor will remain eligible for the applicable commission. Company shall not deny commission eligibility solely because the buyer, prospect, or customer was previously known to Company, provided that Contractor materially contributed to the Closed Transaction and complied with this Agreement.

7.6 Multiple Contributors. If more than one employee, contractor, broker, referral source, or business-development participant claims involvement in a transaction, Company will determine attribution and any allocation in good faith based on documented Material Contribution. Unless Company signs a written agreement providing otherwise, the aggregate amount payable to Contractor will not exceed the amount stated in Exhibit B.

7.7 No Ownership After Termination. Termination does not transfer any Company Client, Lead, account, or business relationship to Contractor.

8. COMMISSION-ONLY COMPENSATION

8.1 No Fixed Compensation. Contractor will receive no salary; hourly wage; monthly retainer; guaranteed payment; fixed compensation; employee compensation; or minimum commission. Contractor's compensation is strictly commission-based.

8.2 Full Compensation. Approved Commissions constitute Contractor's full compensation for the Services unless Company expressly approves additional compensation in a written agreement signed by an authorized Company representative.

8.3 Commission Schedule. Commissions are determined according to Exhibit B based on the applicable Vehicle Sale Value; Contractor's Tier Transaction Count; Contractor's documented Material Contribution; satisfaction of the Qualified Lead and Closed Transaction requirements; and issuance of a Commission Confirmation.

8.4 Qualified Lead. A Qualified Lead is a legitimate prospective buyer who demonstrates genuine and specific interest in purchasing an Eligible Vehicle; appears to possess the financial capability to complete the proposed purchase; is actively seeking a vehicle within Company's approved market; provides accurate and usable contact information; is not known by Contractor to be fraudulent, sanctioned, fictitious, or engaged in unlawful activity; is entered into Company's CRM or other Approved Channel; and is approved by Company. Company may request reasonable qualification information, proof of funds, identity information, purchasing criteria, or other documentation before approving a Lead.

8.5 Closed Transaction. A Closed Transaction occurs only when the buyer and applicable seller or transaction party have executed the definitive agreement required by Company; the vehicle sale has been completed or otherwise finally closed; Company has received the applicable Company Funds in cleared form; Company has completed any required compliance review; the transaction has not been canceled, rescinded, refunded, reversed, charged back, or determined to involve fraud; and Company has approved the transaction as closed and issued or authorized a Commission Confirmation.

8.6 Company Records. Company's transaction records, closing records, CRM records, bank records, and definitive transaction documents will control commission calculations absent manifest error.

8.7 No Commission for Unclosed Activity. No commission is earned for an inquiry; a submitted Lead; an introduction; a meeting; a letter of intent; a proposed purchase; an unsigned agreement; an unpaid or partially completed sale; an aborted, rescinded, refunded, fraudulent, or reversed transaction; or a transaction from which Company does not receive Company Funds.

8.8 Post-Termination Transaction Tail. Subject to all other requirements of this Agreement, Contractor may remain eligible for commission on an Eligible Transaction that closes within twelve months after termination if Contractor submitted and documented the applicable Lead before termination; Contractor made a Material Contribution before termination; the Lead was accepted or actively pursued by Company before termination; the transaction was not diverted, concealed, or pursued in violation of this Agreement; and Company receives Company Funds. No tail commission is payable for activity Contractor performs after termination without Company's written authorization.

9. COMMISSION APPROVAL AND PAYMENT

9.1 Written Confirmation Required. No commission is payable unless the commission amount is documented in a Commission Confirmation or another writing signed or electronically approved by an authorized Company representative. No oral representation, informal message, estimate, spreadsheet entry, or statement by a person lacking authority creates a commission obligation.

9.2 Approval Process. After a transaction satisfies the Closed Transaction requirements, Company will determine the Vehicle Sale Value; the applicable tier; the Tier Transaction Count; Contractor's eligibility; any required adjustment, withholding, or offset; and the Approved Commission.

9.3 Payment Timeline. Company will initiate payment of an Approved Commission within five to seven Business Days after the later of Company's receipt of Company Funds; completion of the transaction; completion of Company's compliance and accounting review; receipt of valid banking and tax documentation from Contractor; and issuance of the Commission Confirmation. The payment period is a period for initiating payment and does not guarantee the date on which Contractor's bank will credit the funds.

9.4 Official Payment Channels. All commission payments must originate from a LIORA CORP. corporate bank account or another Company-controlled business payment account; be made through official banking channels; be supported by Company records; and ordinarily be made by wire transfer in United States dollars. Company shall not be required to make cash, cryptocurrency, personal-account, third-party, undocumented, or unofficial payments.

9.5 Banking Information. Contractor shall provide complete, accurate, and current banking information, including beneficiary name; account number; bank name; branch address; SWIFT or BIC code; intermediary-bank information, if applicable; and any documentation reasonably requested for compliance purposes. Company is not responsible for delay caused by inaccurate banking information, banking review, intermediary banks, sanctions screening, government action, or Contractor's failure to provide documentation.

9.6 Bank Fees and Currency Conversion. Unless the applicable Commission Confirmation states otherwise, Contractor is responsible for receiving-bank fees, intermediary-bank fees, currency-conversion charges, and charges imposed outside Company's originating bank.

9.7 Withholding. Company may deduct or withhold any tax or amount required by Applicable Law. Any required withholding will be treated as payment to Contractor for purposes of this Agreement.

9.8 Reversal and Clawback. If Company pays a commission and the corresponding transaction is later rescinded, reversed, refunded, determined to involve fraud, or results in Company returning the related Company Funds, Contractor shall repay the affected commission within ten Business Days after written demand. Company may offset the amount against future commissions.

9.9 No Undocumented Payments. Contractor shall not request, accept, direct, or encourage an undocumented payment, a payment to another person, or a payment through an account not approved in Company's records.

10. TAXES, EXPENSES, AND REGULATORY RESPONSIBILITIES

10.1 Contractor Taxes. Contractor and Guarantor are solely responsible for all taxes, registrations, assessments, filings, duties, social contributions, fees, licenses, and governmental obligations applicable to compensation received under this Agreement in India or elsewhere.

10.2 No Company Tax Responsibility. Company is not responsible for Contractor's or Guarantor's Indian income taxes; goods and services taxes; payroll taxes; social-insurance obligations; business registrations; foreign-exchange reporting; local tax filings; or other governmental obligations.

10.3 Tax Documentation. Before receiving payment, Contractor shall provide the appropriate IRS Form W-8 series documentation and any other tax or compliance documentation reasonably requested by Company.

10.4 Expenses. Contractor is responsible for its own expenses unless Company has approved a specific expense in writing before it is incurred. Company is not liable for unapproved advertising, software, travel, subcontractor, communication, equipment, banking, or marketing expenses.

11. RECORDKEEPING AND DATA REPORTING

11.1 Complete Records. Contractor shall maintain accurate and current records of Leads; outreach; client communications; qualification information; appointments; referrals; campaign performance; website and SEO activity; marketing materials; business-development activities; and other work performed for Company.

11.2 Mandatory Delivery to Company and CEO. All Lead information, customer information, marketing data, campaign data, business-development records, reports, and other Company Data must be shared with Dhruva Sunil, Owner and Chief Executive Officer of BIG BOY EXOTICS, through the secure Company system, email address, storage location, or Approved Channel designated by Company. Delivery to another Company worker does not eliminate Contractor's obligation to ensure the information is available to Company and Dhruva Sunil through a Company-controlled system.

11.3 Company Access. Company shall have continuous access to Company Data and Company-controlled accounts used in connection with the Services. Contractor shall not establish an account essential to the Services using credentials, recovery information, or multifactor-authentication controls that Company cannot access or assume control over.

11.4 Audit and Verification. Upon reasonable request, Contractor shall provide records sufficient to verify performance of the Services; Lead source and activity; compliance with communication rules; Company Data locations; access permissions; campaign spending; and compliance with this Agreement.

12. CONFIDENTIALITY AND NONDISCLOSURE

12.1 Confidential Information. Confidential Information includes all nonpublic information relating to Company, the Brand, Company Clients, vehicles, transactions, business relationships, technology, finances, strategy, and operations, including client databases; buyer and collector information; prospect and Lead lists; pricing and negotiation information; vehicle availability and sourcing information; off-market vehicle information; vehicle-owner information; dealer, broker, supplier, and referral relationships; CRM information; marketing and sales strategies; campaign information; financial information; transaction economics; Company processes and workflows; login credentials and security information; business plans; website and analytics information; documents marked or reasonably understood to be confidential; and information received from a third party that Company is obligated to protect. Confidential Information includes information disclosed before the Effective Date in contemplation of the relationship.

12.2 Ownership. All Confidential Information remains the exclusive property of Company or the applicable Company Client or third-party owner. Disclosure does not grant Contractor any license or ownership right except the limited right to use the information solely to perform authorized Services.

12.3 Use Restriction. Contractor and Guarantor shall use Confidential Information solely for Company's benefit and only to perform authorized Services.

12.4 Prohibited Conduct. Contractor and Guarantor shall not, directly or indirectly, sell Confidential Information; share or disclose Confidential Information without authorization; transfer Confidential Information to an unapproved person or system; market Company Clients to a competitor; use Confidential Information for personal benefit; contact Company Clients for a competing purpose; build a personal or third-party database from Company information; copy information beyond what is reasonably necessary; use Company Data to train, enrich, or develop a third-party product or artificial-intelligence system; upload Confidential Information to a public, consumer, or unapproved artificial-intelligence platform; use Company information to compete with or circumvent Company; disclose the identity, purchasing interests, wealth indicators, vehicle interests, or transaction activity of Company Clients; retain Company information after Company requests its return or deletion; or permit an unauthorized person to view or access Company systems.

12.5 Required Disclosure. If Contractor or Guarantor is legally compelled to disclose Confidential Information, the disclosing Party shall, to the extent legally permitted, notify Company promptly before disclosure; provide Company with a copy of the demand; reasonably assist Company in seeking protective treatment; and disclose only the minimum information legally required.

12.6 Exclusions. Confidential Information does not include information that Contractor proves through contemporaneous written records was lawfully known to Contractor without restriction before Company disclosed it; became public through no breach of this Agreement; was lawfully received from a third party without confidentiality obligations; or was independently developed without use of Company's Confidential Information. A combination of information is not excluded merely because individual elements are publicly available.

12.7 Duration. The confidentiality and use restrictions in this Section continue during the Term and for five years after termination. Trade secrets, login credentials, Protected Data, client identity information, and information protected for a longer period under Applicable Law must remain protected for so long as the information remains a trade secret, confidential, sensitive, or legally protected.

12.8 Publicity. Contractor shall not use Company's name, Brand, logo, client names, vehicle images, deal information, results, testimonials, or relationship with Company in any portfolio, case study, website, social-media post, sales presentation, press release, or public statement without Company's prior written consent.

13. DATA OWNERSHIP, SECURITY, AND PRIVACY

13.1 Fundamental Condition. Data security is a fundamental and material condition of this Agreement. Company would not disclose Company Data or permit access to Company systems without Contractor's and Guarantor's agreement to comply strictly with this Section.

13.2 Company Ownership and Control. All Company Data is owned or controlled exclusively by Company or the applicable Company Client. Contractor shall process Company Data only on Company's documented instructions; for Company's business purposes; for the minimum period necessary; through Approved Channels; and in compliance with Applicable Law.

13.3 Security Safeguards. Contractor shall implement and maintain reasonable administrative, physical, and technical safeguards, including unique user accounts; strong passwords; multifactor authentication wherever available; current operating-system and security updates; antivirus or endpoint protection; device encryption where supported; secure internet connections; access limited to personnel with a legitimate need; prohibition on credential sharing; secure backup and recovery practices; prompt removal of former personnel's access; secure destruction methods; phishing and social-engineering precautions; and any additional security requirements stated in Exhibit C.

13.4 Storage Restrictions. Contractor shall not store Company Data on a shared family or public device; in a personal email account; in an unapproved cloud-storage service; on an unencrypted removable drive; in a public link; in an unapproved CRM; in an unapproved artificial-intelligence platform; or in a system controlled by an unapproved subcontractor.

13.5 No Sale or Independent Monetization. Contractor shall not sell, license, rent, disclose, monetize, profile, analyze for an unrelated purpose, or otherwise commercially exploit Company Data.

13.6 Access Limitation. Contractor shall access only the Company Data necessary to perform assigned Services and shall not search, browse, export, download, or examine other records without a legitimate Company purpose.

13.7 Security Incident Notification. Contractor shall notify Company and Dhruva Sunil in writing within twelve hours after discovering an actual or reasonably suspected Data Breach. The notification must include, to the extent known, the date and time discovered; nature of the incident; systems and accounts affected; categories of information affected; persons known or suspected to be involved; containment actions taken; copies of relevant logs and communications; and the person responsible for incident response. Contractor shall provide continuing updates and shall not notify a client, regulator, media outlet, law-enforcement agency, or other third party without Company's approval unless legally required.

13.8 Incident Cooperation. Contractor and Guarantor shall immediately contain the incident; preserve relevant evidence; cooperate with Company's investigation; provide access to relevant records, devices, and logs to the extent legally permissible; assist with remediation and required notices; not conceal, alter, or destroy evidence; and reimburse Company for losses covered by Contractor's indemnification obligations.

13.9 No Security Representations to Clients. Contractor shall not make privacy, cybersecurity, confidentiality, or data-use representations on Company's behalf unless Company has approved the exact language.

14. DATA DELIVERY, RETURN, AND DELETION

14.1 Continuous Delivery. Contractor shall continuously deliver Company Data to Company through Approved Channels and shall not maintain Company's only copy of any Lead, customer record, campaign record, password, creative file, website asset, or business-development record.

14.2 Delivery Before Deletion. Before deleting, destroying, altering, disabling, transferring, abandoning, or surrendering control of any Company Data, Contractor must provide a complete, accurate, accessible, and usable copy directly to Company and Dhruva Sunil. This requirement applies regardless of whether deletion is intentional, automated, required by a service provider, caused by account closure, or performed in connection with termination.

14.3 Return Upon Request or Termination. Within three Business Days after Company's request or termination, Contractor shall deliver all Company Data; return Company property; transfer administrative ownership of Company accounts; provide current passwords, recovery information, and access credentials through a secure method; cease all access except as expressly authorized; delete remaining Company Data from Contractor-controlled systems after Company confirms receipt; and sign a written certification of completion.

14.4 Backup Copies. Contractor shall delete Company Data from active systems promptly. Data contained in routine system backups may be retained only until overwritten in the ordinary course, for no longer than thirty days, and remains subject to this Agreement.

14.5 Data Delivery Failure Liquidated Damages. The Parties acknowledge that a Data Delivery Failure could disrupt Company's sales pipeline, impair relationships, prevent transaction follow-up, and cause losses that would be difficult to calculate precisely. Accordingly, for each distinct Data Delivery Failure, Contractor and Guarantor shall be jointly and severally liable for liquidated damages of Twenty-Five Thousand United States Dollars (US \$25,000). The Parties intend this amount as a reasonable pre-estimate of harm and administrative recovery costs, not as punishment. This amount does not apply in addition to the \$100,000 liquidated-damages amount for the same conduct and same loss if the same conduct also constitutes a Material Protected Data Breach. Company may recover the larger applicable liquidated amount, equitable relief, recoverable enforcement expenses, and damages for distinct losses not compensated by the liquidated amount, to the extent permitted by law.

15. DATA-BREACH TERMINATION RIGHTS

15.1 Immediate Termination. Company may terminate this Agreement immediately, without advance notice or cure period, upon any actual or reasonably supported allegation of unauthorized disclosure; data theft; intentional data misuse; unauthorized transfer; material security breach; improper system access; credential sharing; disclosure to a competitor; sale or attempted sale of Company Data; intentional deletion or concealment of Company Data; use of Company Data for a competing purpose; or failure to cooperate with a security investigation.

15.2 Suspension Pending Investigation. Company may immediately suspend Contractor's access, communications, campaigns, and Services while investigating a possible Data Breach. Suspension does not waive Company's termination, damages, indemnification, or injunctive-relief rights.

15.3 No Cure Period for Material Breaches. No cure period applies to an intentional, reckless, fraudulent, or material breach involving Confidential Information, Protected Data, system security, client diversion, or competitor disclosure.

16. INTELLECTUAL PROPERTY AND BRAND RIGHTS

16.1 Company Ownership. All Company branding, marketing assets, Company Data, customer records, website content, domains, social-media accounts, advertising accounts, and preexisting Company materials remain exclusively owned by Company.

16.2 Work Made for Hire. To the fullest extent permitted by law, Work Product created specifically for Company is specially commissioned as work made for hire for Company.

16.3 Assignment. To the extent any Work Product does not qualify as work made for hire, Contractor hereby irrevocably assigns to Company all worldwide right, title, and interest in and to that Work Product, including copyrights; trademark rights; database rights; design rights; domain rights; rights in marketing assets; rights in website improvements; rights in SEO work; rights in articles and blogs; rights in campaign structures and reports; and all rights to register, enforce, modify, reproduce, distribute, publish, license, and create derivative works.

16.4 Further Assurances. Contractor and Guarantor shall execute documents and take reasonable actions requested by Company to confirm, register, perfect, or enforce Company's ownership rights. If Contractor fails to execute a required instrument after reasonable notice, Contractor appoints Company as Contractor's attorney-in-fact solely to execute instruments necessary to evidence the assignment, to the extent permitted by law.

16.5 Moral Rights. To the extent legally permissible, Contractor waives and agrees not to assert moral rights, attribution rights, integrity rights, or similar rights in Work Product.

16.6 Preexisting Materials. Contractor shall identify in writing any preexisting material that Contractor proposes to include in Work Product before using it. If Company approves its inclusion, Contractor grants Company a perpetual, irrevocable, worldwide, transferable, sublicensable, royalty-free license to use, reproduce, modify, distribute, display, perform, commercialize, and create derivative works from the material as incorporated into the Work Product.

16.7 Third-Party Materials. Contractor shall not include copyrighted materials, stock content, software, fonts, photographs, vehicle images, code, data, or artificial-intelligence output that Company cannot lawfully use for its intended commercial purposes. Contractor shall maintain records of licenses and source information and provide them upon request.

16.8 Account Ownership. All websites, domains, social-media accounts, analytics accounts, advertising accounts, CRM accounts, email lists, software configurations, and online properties created specifically for Company must be established in Company's name or transferred to Company upon request.

16.9 Brand Guidelines. Contractor shall use the Brand only as Company authorizes and shall immediately stop using Brand assets upon suspension, termination, or Company's request.

17. CLIENT NON-SOLICITATION AND NON-CIRCUMVENTION

17.1 Legitimate Business Interests. Contractor and Guarantor acknowledge that Company serves a specialized luxury clientele; Company relationships may be private, off-market, and difficult to replace; Company will provide Contractor with access to valuable relationships and Confidential Information; misuse of those relationships could cause substantial and difficult-to-measure harm; and the restrictions in this Section are intended to protect Company's client goodwill, confidential relationships, and proprietary information, not to prevent lawful general employment or business activity.

17.2 Restricted-Client Covenant. During the Restricted Period, Contractor, Guarantor, and all persons acting through or under their control shall not, directly or indirectly, for themselves or another person, solicit a Restricted Client for a competing luxury automotive business; divert or attempt to divert a Restricted Client from Company; market vehicles or competing automotive services to a Restricted Client; introduce a Restricted Client to another exotic, collectible, rare, or luxury automotive seller, broker, dealer, marketplace, or business for a competing purpose; accept or service competing luxury automotive business from a Restricted Client where the opportunity results from Contractor's Company relationship or Confidential Information; transfer, sell, disclose, or provide a Restricted Client's information to another business; use a Restricted Client relationship to develop another luxury automotive company; or assist another person in doing any prohibited act.

17.3 Non-Circumvention. Contractor and Guarantor shall not circumvent Company by directly or indirectly completing, arranging, referring, or facilitating a transaction with a Company Client; a Lead; a seller or vehicle owner identified through Company; a dealer or broker introduced through Company; a buyer introduced through Company; or another transaction participant identified through the Services, for the purpose of excluding Company, avoiding Company's compensation, diverting Company's opportunity, or obtaining personal or third-party compensation.

17.4 General Advertising. General advertising that is not targeted at a Restricted Client and does not use Company's Confidential Information will not, by itself, violate Section 17.2. This exception does not permit Contractor to accept, service, or divert a Restricted Client where the opportunity arose from Company's relationship, Contractor's Services, or Confidential Information.

17.5 No Industry-Wide Employment Prohibition. Nothing in this Section prohibits Contractor from performing lawful services generally in the marketing, business-development, or automotive industries, provided Contractor does not use Company's Confidential Information, solicit or service Restricted Clients in violation of this Agreement, or circumvent Company.

17.6 Personnel and Affiliate Responsibility. Contractor shall ensure that its personnel, affiliates, representatives, agents, and approved subcontractors comply with this Section. Contractor and Guarantor are responsible for any prohibited conduct undertaken through another person for their benefit.

17.7 Acknowledgment and Reformation. Contractor and Guarantor acknowledge that the restrictions are reasonable in light of Company's international clientele, high-value transactions, confidential relationships, and disclosure of sensitive information. If a court or arbitrator determines that any restriction is broader than enforceable, the restriction shall be modified and enforced to the maximum lawful duration, geographic reach, client scope, and activity scope.

18. COMPLIANCE WITH LAW AND ETHICAL REQUIREMENTS

18.1 General Compliance. Contractor shall comply with Applicable Law and shall not cause Company to violate Applicable Law.

18.2 Marketing and Communications. Contractor shall comply with applicable requirements governing commercial email; telephone calls; text messages; automated communications; direct messages; social-media marketing; consumer privacy; do-not-contact requests; and deceptive or misleading advertising. Contractor shall maintain appropriate consent and opt-out records where required.

18.3 No Unapproved Mass Outreach. Contractor shall not launch mass-email, automated-message, robocall, bulk-text, scraping, purchased-list, or high-volume direct-message campaigns without Company's prior written approval.

18.4 Anti-Bribery. Contractor and Guarantor shall not offer, promise, authorize, request, or accept a bribe, kickback, secret commission, improper payment, or anything of value intended to improperly influence a private or governmental decision.

18.5 Sanctions and Restricted Persons. Contractor shall not knowingly communicate or transact on Company's behalf with a person or entity subject to applicable economic sanctions or trade restrictions. Contractor shall immediately notify Company of suspicious identity information, payment structures, source-of-funds concerns, requests to use unrelated third-party payers, or other transaction irregularities.

18.6 No False Documentation. Contractor shall not create, alter, submit, or use false identification; proof of funds; buyer information; vehicle information; invoices; transaction documents; client communications; or performance reports.

18.7 Compliance Requests. Contractor shall reasonably cooperate with Company's compliance procedures, including client-identification, sanctions, fraud-prevention, and transaction-verification procedures.

19. REPRESENTATIONS AND WARRANTIES

19.1 Contractor Representations. Contractor represents and warrants that it is a validly existing Indian proprietorship firm; Ankur Sadawarte is its lawful proprietor and has authority to execute this Agreement; execution and performance do not violate another agreement; Contractor possesses the ability and resources to perform the Services; all information Contractor provides to Company is accurate and not misleading; Contractor will comply with Applicable Law; Contractor will not infringe third-party rights; Contractor will not introduce malware, unauthorized code, or harmful technology into Company systems; Contractor will not engage in fraud, misrepresentation, bribery, or unlawful conduct; and Contractor is not relying on a promise of minimum earnings or transaction volume.

19.2 Guarantor Representations. Guarantor represents and warrants that he has reviewed this Agreement; understands that he signs once for Contractor and separately in his personal capacity; receives direct and indirect benefit from Company entering this Agreement; has authority to bind Contractor; his guaranty is knowing, voluntary, and supported by consideration; and he has had the opportunity to obtain independent legal advice.

19.3 Continuing Accuracy. Contractor and Guarantor shall promptly notify Company if any representation becomes inaccurate.

20. INDEMNIFICATION

20.1 Contractor and Guarantor Indemnity. Contractor and Guarantor shall jointly and severally defend, indemnify, and hold harmless Company, the Brand, Company's affiliates, and their respective officers, directors, shareholders, employees, representatives, successors, and assigns from claims, liabilities, losses, damages, fines, penalties, judgments, settlements, costs, and reasonable attorneys' fees arising from or relating to Contractor's or Guarantor's breach of this Agreement; a Data Breach caused by or attributable to Contractor or persons under its control; misuse of Confidential Information; violation of Applicable Law; unauthorized statements or commitments; infringement or misappropriation of third-party rights; fraud, negligence, recklessness, or willful misconduct; taxes or employment claims relating to Contractor's personnel; unlawful outreach or marketing communications; unauthorized use of a person's identity, image, data, or contact information; bodily injury or property damage caused by Contractor; or a claim that Contractor had authority to bind Company.

20.2 Defense Control. Company may control the defense of a claim affecting Company's reputation, clients, intellectual property, Confidential Information, or legal rights. Contractor shall not settle a claim involving Company without Company's written consent.

20.3 Payment of Costs. For a claim arising from an alleged breach by Contractor or Guarantor, Company may require reimbursement of reasonable defense or investigation costs as incurred, subject to repayment if it is finally determined that no indemnified event occurred.

21. LIQUIDATED DAMAGES FOR PROTECTED-DATA BREACHES

21.1 Difficulty of Calculating Losses. The Parties acknowledge that Company operates in a specialized market involving private collectors, celebrities, athletes, executives, family offices, rare vehicles, off-market opportunities, and high-value transactions. The Parties further acknowledge that unauthorized use or disclosure of Protected Data may cause loss of client trust; loss of confidential relationships; lost vehicle opportunities; transaction disruption; reputational injury; security risks; competitive harm; and investigative and remediation costs, the precise amount of which would be difficult to determine at the time of contracting.

21.2 Agreed Liquidated Amount. For each distinct Material Protected Data Breach, Contractor and Guarantor shall be jointly and severally liable for liquidated damages of One Hundred Thousand United States Dollars (US \$100,000). The Parties intend this amount as a reasonable pre-estimate of probable harm and not as a fine or punishment.

21.3 No Double Recovery. Company may not recover both the \$100,000 amount and the \$25,000 Data Delivery Failure amount for the same conduct and same loss. Company may recover the larger applicable liquidated amount; reasonable attorneys' fees and enforcement expenses; investigation, forensic, notification, containment, and remediation costs to the extent not compensated by the liquidated amount; injunctive and equitable relief; and damages for separate and independently proven losses not compensated by the liquidated amount, to the extent permitted by Applicable Law.

21.4 Election of Actual Damages. Before final judgment or award, Company may elect to pursue actual damages instead of liquidated damages for a particular breach, but Company may not receive duplicative recovery for the same loss.

21.5 Judicial Adjustment. If the specified amount is determined to be unenforceable, the court or arbitrator shall enforce the provision at the maximum amount permitted by Applicable Law, or Company may pursue its actual damages and other available remedies.

22. INJUNCTIVE AND EQUITABLE RELIEF

22.1 Irreparable Harm. Contractor and Guarantor acknowledge that a breach involving Confidential Information, Company Data, intellectual property, client relationships, system access, or non-circumvention may cause immediate and irreparable harm for which monetary damages alone would be inadequate.

22.2 Available Relief. Company may seek temporary restraining orders; preliminary injunctions; permanent injunctions; specific performance; account-transfer orders; data-preservation orders; return or deletion of information; an accounting of profits; constructive trust relief; and any other equitable remedy.

22.3 No Waiver of Arbitration. Seeking provisional or equitable relief from a court does not waive a Party's right to arbitration of the underlying dispute.

22.4 Bond. To the fullest extent permitted by law, Contractor and Guarantor waive any requirement that Company post a bond greater than a nominal amount to obtain injunctive relief.

23. PERSONAL GUARANTY OF ANKUR SADAWARTE

23.1 Unconditional Guaranty. As a material inducement to Company to enter this Agreement, disclose Confidential Information, provide system access, and permit Contractor to pursue Company Clients, Guarantor absolutely, irrevocably, and unconditionally guarantees the full and punctual performance and payment of the Guaranteed Obligations.

23.2 Primary and Continuing Obligation. This is a guaranty of performance and payment and not merely a guaranty of collection. Company is not required to first pursue Contractor; obtain a judgment against Contractor; exhaust remedies against Contractor; pursue collateral; make demand on another person; or take any other action before pursuing Guarantor.

23.3 Joint and Several Liability. Company may pursue Contractor alone; Guarantor alone; or Contractor and Guarantor jointly. Contractor's and Guarantor's liability for the Guaranteed Obligations is joint and several.

23.4 Waiver of Suretyship Defenses. Guarantor waives, to the fullest extent permitted by law, presentment; demand; protest; notice of acceptance; notice of breach; notice of default; notice of modification; notice of extension or delay; any requirement that Company proceed first against Contractor; defenses based on impairment of recourse against Contractor; and other defenses available solely because Guarantor is acting as a guarantor or surety.

23.5 Changes to Agreement. The guaranty continues despite renewal of the Agreement; modification of Services; changes in commission amounts; extension of time; compromise with Contractor; Contractor's insolvency, reorganization, or cessation of business; change in Contractor's name or business form; or Company's failure to enforce a provision immediately. A material expansion of the Guaranteed Obligations requires Guarantor's written consent.

23.6 Legal Fees. Guarantor guarantees payment of reasonable attorneys' fees, investigation costs, court costs, arbitration costs, and enforcement expenses incurred by Company in enforcing the Guaranteed Obligations, to the extent permitted by law.

23.7 Survival. This guaranty survives termination and remains effective until all Guaranteed Obligations arising from conduct occurring during or relating to the Term have been fully satisfied.

24. TERMINATION

24.1 Termination Without Cause. Either Company or Contractor may terminate this Agreement without cause by providing thirty days' written notice. Company may limit or suspend Contractor's access and assignments during the notice period.

24.2 Immediate Termination by Company. Company may terminate immediately upon confidentiality breach; Data Breach; misuse or diversion of Company Data; fraud or dishonesty; unauthorized representation; unauthorized promise or commitment; unlawful marketing activity; bribery or suspicious transaction conduct; material harm to Company's reputation; refusal to deliver Company Data; infringement of intellectual-property rights; circumvention of Company; solicitation of a Restricted Client; material violation of security requirements; failure to cooperate with a Company investigation; or another material breach that is incapable of cure.

24.3 Curable Breach. For a material breach that Company determines is capable of cure and does not involve the matters in Section 24.2, Company may provide written notice and a cure period of up to ten Business Days. Company is not required to provide more than one cure opportunity for substantially similar conduct.

24.4 Contractor Termination for Nonpayment. Contractor may terminate immediately if Company fails to pay an undisputed Approved Commission within fifteen Business Days after receiving written notice of nonpayment, provided all payment conditions have been satisfied.

24.5 Effect of Termination. Upon termination, Contractor shall immediately cease representing any affiliation with Company; stop using the Brand; stop contacting Company Clients except as Company directs; stop all campaigns unless Company directs an orderly transition; deliver all Leads and Company Data; transfer Company-controlled accounts and assets; return Company property; revoke personnel access; preserve records relevant to a known dispute or investigation; delete Company Data after Company confirms receipt; and provide a signed certification of compliance.

24.6 Accrued Commission Rights. Termination does not eliminate an Approved Commission earned before termination or a commission that becomes payable under the post-termination transaction tail. All commission rights remain subject to the closing, receipt-of-funds, compliance, adjustment, and clawback provisions of this Agreement.

25. SURVIVAL

The following provisions survive termination or expiration: ownership of clients, Leads, Company Data, and business relationships; commission-payment obligations for qualifying transactions; taxes and clawbacks; confidentiality and nondisclosure; data ownership, security, delivery, return, and deletion; intellectual-property ownership; restrictive covenants; indemnification; liquidated damages; injunctive relief; personal guaranty; limitation of liability; dispute resolution; governing law; attorneys' fees; and all provisions that by their nature are intended to survive.

26. LIMITATION OF COMPANY LIABILITY

26.1 Excluded Damages. To the fullest extent permitted by law, Company will not be liable to Contractor or Guarantor for lost profits; lost business opportunities; expected commissions from transactions that did not close; reputational loss; indirect damages; incidental damages; special damages; punitive damages; or consequential damages.

26.2 Liability Cap. Except for Company's obligation to pay an Approved Commission and except to the extent caused by Company's fraud or willful misconduct, Company's aggregate liability arising from this Agreement will not exceed the total commissions paid or payable to Contractor during the twelve months immediately preceding the event giving rise to the claim.

26.3 No Liability for Third Parties. Company is not liable for the acts, omissions, financial capacity, nonperformance, misrepresentations, or default of a buyer, seller, dealer, broker, vehicle owner, bank, escrow provider, carrier, or other third party.

27. FUTURE BUSINESS EXPANSION

27.1 Potential Expansion. The Brand may expand into private aviation; yacht services; luxury concierge services; exotic vehicle rentals; or other luxury services.

27.2 Separate Agreement Required. This Agreement does not automatically authorize Contractor to participate in an expanded business line or earn commissions from it. Any expansion must be covered by a separate written agreement, amendment, statement of work, or commission schedule specifying responsibilities; compensation; commission structure; client ownership; data rights; intellectual-property rights; compliance obligations; and other applicable terms.

28. GOVERNING LAW AND DISPUTE RESOLUTION

28.1 Governing Law. This Agreement and all disputes arising from or relating to it are governed by the laws of the State of Delaware, without regard to Delaware's conflict-of-laws rules. The Federal Arbitration Act governs the interpretation and enforcement of the arbitration provisions.

28.2 Good-Faith Negotiation. Except for emergency equitable relief, a Party asserting a dispute shall provide written notice describing the dispute. Authorized representatives shall attempt in good faith to resolve the dispute for ten Business Days after notice.

28.3 Confidential Arbitration. Any dispute not resolved through negotiation shall be finally resolved by confidential, binding arbitration administered by the International Centre for Dispute Resolution under its International Dispute Resolution Procedures in effect when arbitration is commenced.

28.4 Arbitration Procedures. The arbitration shall be conducted by one arbitrator experienced in commercial contracts, confidential information, and cross-border disputes; be seated in New York County, New York; be conducted in English; permit remote hearings where appropriate; allow reasonable document discovery proportionate to the dispute; permit the arbitrator to grant legal and equitable relief; permit allocation of reasonable attorneys' fees and costs as authorized by this Agreement; and result in a written, reasoned award.

28.5 Judgment on Award. Judgment may be entered on an arbitration award in any court having jurisdiction over a Party or its assets.

28.6 Court Proceedings Permitted. Notwithstanding the arbitration requirement, Company may seek from a court of competent jurisdiction temporary, preliminary, or permanent injunctive relief; protection or recovery of Company Data; enforcement of intellectual-property rights; enforcement of restrictive covenants; preservation of evidence; enforcement of the personal guaranty; an order compelling arbitration; confirmation or enforcement of an arbitration award; or relief against property or assets.

28.7 Jurisdiction and Venue. For a court proceeding permitted under this Agreement, Contractor and Guarantor irrevocably consent to personal jurisdiction in the state and federal courts located in New Castle County, Delaware; the state and federal courts located in New York County, New York; and any court where Contractor, Guarantor, Company Data, or relevant assets are located, when necessary to obtain provisional, enforcement, or asset-preservation relief. Contractor and Guarantor waive objections based on venue, inconvenient forum, or lack of personal jurisdiction to the fullest extent permitted by law.

28.8 Service of Process. To the extent permitted by law, Contractor and Guarantor consent to service of process by internationally recognized courier and by email to the notice addresses maintained under this Agreement.

28.9 Jury-Trial Waiver. For any dispute permitted to proceed in court, each Party knowingly and voluntarily waives trial by jury to the fullest extent permitted by law.

28.10 Attorneys' Fees. If Company substantially prevails in enforcing confidentiality, data-protection, intellectual-property, client-protection, non-circumvention, indemnification, or guaranty obligations, Contractor and Guarantor shall jointly and severally reimburse Company's reasonable attorneys' fees, investigation costs, court costs, arbitration costs, and enforcement expenses. For other disputes, the substantially prevailing Party may recover reasonable attorneys' fees and costs to the extent awarded by the court or arbitrator.

29. NOTICES

29.1 Form of Notice. Notices under this Agreement must be in writing and delivered by personal delivery; internationally recognized overnight courier; certified or registered mail where available; or email with confirmation of transmission.

29.2 Company Notice Address. LIORA CORP., 131 Continental Drive, Suite 305, Newark, Delaware 19713, Attention: Authorized Representative, Email: _____. Copy to Dhruva Sunil, BIG BOY EXOTICS, Email: _____.

29.3 Contractor and Guarantor Notice Address. N Office Solutions, Attention: Ankur Sadawarte, Proprietor, Singapur Township, Indore, Madhya Pradesh, India, Email: _____. Ankur Sadawarte, _____, Address: _____, Email: _____.

29.4 Effective Date of Notice. Notice is effective upon delivery if personally delivered; on documented delivery if delivered by courier; on documented receipt if delivered by registered mail; or on transmission by email if sent before 5:00 p.m. recipient local time on a Business Day and no delivery-failure notice is received, otherwise on the next Business Day.

29.5 Address Changes. A Party shall provide written notice of any change in its notice information.

30. GENERAL TERMS

30.1 Entire Agreement. This Agreement constitutes the entire agreement among the Parties concerning its subject matter and supersedes prior or contemporaneous proposals, communications, promises, representations, negotiations, and understandings concerning that subject matter.

30.2 Order of Precedence. If documents conflict, the following order applies: a signed amendment expressly modifying this Agreement; the main body of this Agreement; a signed Commission Confirmation, solely for the identified transaction; Exhibit B; Exhibit C; Exhibit A; and other written operational instructions.

30.3 Amendments. An amendment must be in writing and signed by authorized representatives of Company and Contractor. An amendment materially increasing the Guaranteed Obligations must also be signed by Guarantor in his personal capacity.

30.4 Assignment. Contractor and Guarantor may not assign, transfer, delegate, subcontract, or encumber this Agreement or any right under it without Company's prior written consent. Company may assign this Agreement to an affiliate, successor, purchaser of assets, purchaser of the Brand, surviving entity in a merger, or other business successor.

30.5 No Waiver. A waiver is effective only if in writing. Failure or delay in enforcing a right does not waive that right. A waiver of one breach does not waive another breach.

30.6 Severability and Reformation. If a provision is held invalid or unenforceable, it shall be modified to the minimum extent necessary to make it enforceable while preserving the Parties' intent. If modification is not permitted, the provision shall be severed, and the remaining Agreement will remain effective.

30.7 Force Majeure. A Party is not liable for delay caused by events beyond its reasonable control, including natural disasters, war, civil disorder, governmental action, widespread internet outages, or banking-system interruption. Force majeure does not excuse confidentiality obligations; data-security obligations; incident-notification obligations; return or preservation of Company Data; payment of amounts already due; compliance with restrictive covenants; or reasonable disaster-recovery obligations.

30.8 Counterparts. This Agreement may be executed in counterparts, each of which is deemed an original and all of which constitute one instrument.

30.9 Electronic Signatures. Electronic signatures, digital signatures, scanned signatures, and electronically transmitted counterparts are effective as original signatures.

30.10 Headings. Headings are for convenience only and do not affect interpretation.

30.11 Construction. This Agreement shall be interpreted fairly according to its terms and not strictly against a Party because that Party or its counsel drafted it. "Including" means "including without limitation."

30.12 No Third-Party Beneficiaries. Except for Company's indemnified parties, this Agreement does not create rights in any third party.

30.13 Independent Advice. Each Party acknowledges that it has read this Agreement; understands its material terms; has had an opportunity to consult independent legal, tax, and financial advisors; is not relying on advice from the other Party; and enters the Agreement voluntarily.

30.14 English Language. This Agreement is executed in English. If it is translated, the English version controls in the event of inconsistency.

SIGNATURES

The Parties have executed this Master Independent Contractor and Business Development Agreement as of the Effective Date.

EXHIBIT A

SCOPE OF SERVICES

A.1 Buyer Acquisition. Contractor may identify prospective buyers for eligible luxury and collectible vehicles; research purchasing interests and vehicle criteria; conduct approved outreach; develop professional relationships; qualify prospective buyers; arrange introductions and appointments; record all activity in Company's CRM; and support Company-directed follow-up.

A.2 Business Development. Contractor may develop relationships with collectors, entrepreneurs, executives, family offices, investors, athletes, celebrities, and luxury-lifestyle clients; identify referral relationships; identify potential private and off-market opportunities; provide market feedback; and assist with transaction communications without negotiating or binding Company.

A.3 Digital Marketing and Brand Expansion. Contractor may provide social-media support; website recommendations and approved improvements; search-engine optimization; articles and blog content; approved digital campaigns; brand-positioning recommendations; online-visibility initiatives; and campaign and website analytics.

A.4 Required Reporting. Contractor shall provide complete Lead information; contact and qualification records; campaign reports; copies of approved communications; appointment information; transaction-support records; digital-marketing records; login and ownership information for Company accounts; and other records requested by Company.

A.5 Excluded Activities. Contractor may not bind Company; sign a sales or purchase agreement; negotiate final price or legal terms; accept money or deposits; handle vehicle titles; make vehicle-condition guarantees; promise vehicle availability; make financing promises; provide legal, tax, investment, or regulatory advice; publish unapproved Company material; or represent itself as a dealer, broker, officer, owner, or partner of Company.

EXHIBIT B

COMMISSION SCHEDULE

B.1 General Rules. Commissions are calculated separately for each Vehicle Sale Value tier. The Tier Transaction Count is cumulative during the Term and does not reset upon renewal unless agreed in writing. Each transaction is assigned to only one Vehicle Sale Value tier. Boundary amounts are allocated as stated below to avoid overlap. No commission is earned unless the transaction is a Closed Transaction and Company issues a Commission Confirmation. All amounts are stated in United States dollars.

B.2 Tier A: \$500,000 to Below \$1,000,000

Tier Transaction Count	Commission per Closed Transaction
Transactions 1-5	\$350
Transactions 6-10	\$700
Transactions 11-15	\$1,050
Transactions 16-20	\$1,400
Each additional block of five	Increase by \$350 per transaction

For Tier Transaction Counts above twenty, the commission per transaction is calculated as \$350 multiplied by the applicable five-transaction block number.

B.3 Tier B: \$1,000,000 to Below \$5,000,000

Tier Transaction Count	Commission per Closed Transaction
Transactions 1-5	\$1,000
Transactions 6-10	\$2,000
Transactions 11-15	\$3,000
Transactions 16-20	\$4,000
Each additional block of five	Increase by \$1,000 per transaction

For Tier Transaction Counts above twenty, the commission per transaction is calculated as \$1,000 multiplied by the applicable five-transaction block number.

B.4 Tier C: \$5,000,000 to Below \$10,000,000

Tier Transaction Count	Commission per Closed Transaction
Transactions 1-5	\$1,500
Transactions 6-10	\$3,000
Transactions 11-15	\$4,500
Transactions 16-20	\$6,000
Each additional block of five	Increase by \$1,500 per transaction

For Tier Transaction Counts above twenty, the commission per transaction is calculated as \$1,500 multiplied by the applicable five-transaction block number.

B.5 Tier D: \$10,000,000 to Below \$25,000,000

Tier Transaction Count	Commission per Closed Transaction
Transactions 1-5	\$3,500
Transactions 6-10	\$7,000
Transactions 11-15	\$10,500
Transactions 16-20	\$14,000
Each additional block of five	Increase by \$3,500 per transaction

For Tier Transaction Counts above twenty, the commission per transaction is calculated as \$3,500 multiplied by the applicable five-transaction block number.

B.6 Tier E: \$25,000,000 to Below \$99,000,000

Tier Transaction Count	Commission per Closed Transaction
Transactions 1-5	\$5,000
Transactions 6-10	\$10,000
Transactions 11-15	\$15,000
Transactions 16 and above	\$15,000 unless changed by signed amendment or Commission Confirmation

The Parties acknowledge that the Tier E schedule does not establish an automatic increase after Transaction 15. No further automatic increase applies unless the Parties sign a written modification.

B.7 Transactions Outside Listed Tiers. A transaction below \$500,000 or equal to or greater than \$99,000,000 is not commissionable unless an authorized Company representative signs a transaction-specific Commission Confirmation.

B.8 Existing Company Clients. Contractor remains eligible for the applicable commission when an existing Company Client completes an additional transaction due to Contractor's documented Material Contribution. Existing-client status alone is not grounds for denial.

B.9 Commission Confirmation Form. A Commission Confirmation should identify the buyer or coded client identifier; applicable vehicle; closing date; Vehicle Sale Value; applicable commission tier; Tier Transaction Count; Approved Commission; date Company Funds were received; payment instructions; adjustments or conditions; and approval by an authorized Company representative.

EXHIBIT C

MINIMUM DATA-SECURITY REQUIREMENTS

C.1 Access Security. Contractor shall use unique user accounts; strong passwords not reused across unrelated services; multifactor authentication wherever available; no shared credentials; immediate removal of access for departing personnel; and Company-controlled recovery information for Company accounts.

C.2 Device Security. Contractor shall maintain current security updates; screen lock and password protection; device encryption where supported; antivirus or endpoint protection; no Company Data on public or shared devices; and no jailbroken or rooted devices.

C.3 Data Handling. Contractor shall use only Approved Channels; not send Protected Data through unsecured personal messaging accounts; not place Company Data in publicly accessible links; not upload Company Data into unapproved artificial-intelligence systems; not retain unnecessary local copies; and confirm receipt before deleting Company's only available copy.

C.4 Communications Security. Contractor shall verify unusual payment or credential requests through a separate channel; report phishing or impersonation attempts immediately; not send banking information without authorization; not change payment instructions based solely on an email request; and not disclose client identities in public posts or unsecured group messages.

C.5 Incident Response. Contractor shall notify Company within twelve hours; preserve logs and evidence; secure affected accounts; reset compromised credentials; cooperate with Company's investigation; and not conceal or independently publicize the incident.

C.6 Termination Security. Contractor shall deliver all Company Data; transfer account administration; return Company property; revoke personnel access; delete remaining copies after Company confirms receipt; and sign a written deletion and return certification.
